CG 高效节能多级离心泵

Highly Efficient & Energy Conservation Multistage Centrifugal Pump

产品概述 Product Overview

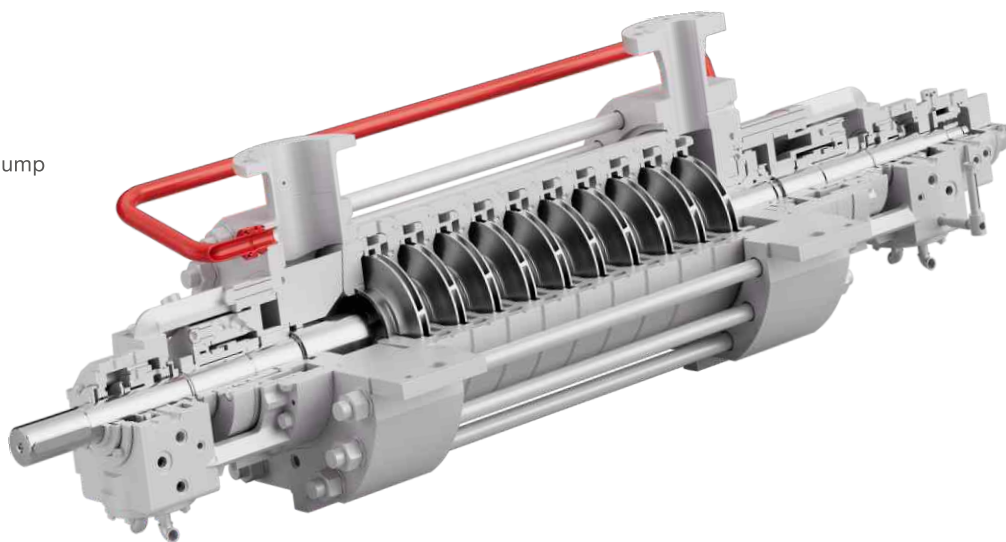

CG 型多级离心泵为多级节段式结构, 卧式安装, 适用于输送清水或物理、化学性质类似于清水的其他液体。适用于工业、厂矿和农业的一般用水供给、以及锅炉给水、消防供水、疏水、高层楼宇供水等场合。

CG series multistage centrifugal pump is multistage and segmented structure, horizontal installation style, and suitable for transporting pure water and other liquids both physical and chemical properties similar to those of pure water. It is applicable for general water supply in industry, factories, mines and agriculture, as well as in boiler feed, firefighting water, drainage, high building water supply and so on.
