NLO 立式筒袋式凝结水泵

Vertical Can Type Condensate Pump

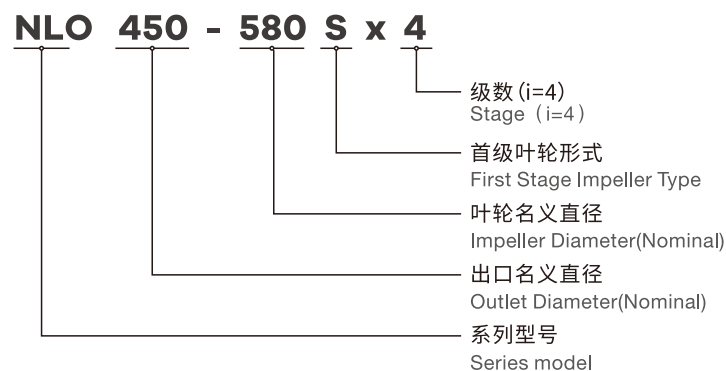

产品概述 Product Overview

NLO型凝结水泵是我公司结合引进技术,并根据项目特点,设计研发制造的新一代产品。

具有良好的运行效率和高可靠性,适用于50MW到1000MW发电机组凝结水系统。

该产品也可用于输送类似于凝结水的其他液体。输送介质温度不超过80°C。

NLO series condensate pump is a new-generation product designed, researched & developed base on project characteristics, the introduction of advanced technology. It has good running efficiency and higher reliability manufactured with abroad technology. It is applied in transporting condensate water or other similar liquids for 50KW-1000KW power generating units. The medium temperature does not exceed 80°C.
